

# Summer START

*Come explore UCA with us this summer.*

With our Summer Start Programs, you have the opportunity to become familiar with the UCA campus before most students arrive. You can also move in early.

UCA's **Summer Start Programs** let you:

- refresh important academic skills
- enhance your leadership skills
- complete developmental requirements

**Register online: [uca.edu/studentsuccess](http://uca.edu/studentsuccess)**

## **Academic Skills Programs**

### **Read for Success - July 24 - Aug 11, 2017**

Complete your developmental literacy course and a UCA Core course in just three weeks! **Financial aid and scholarships available.**

### **Math Academy - Aug 14-18, 2017**

Our **Skills Review Program** prepares you to succeed in your first-semester college-level math class. For students with a Math ACT 19–22. Our **Placement Program** reviews your math skills and gives you a chance to test out of developmental math. For students requiring developmental math with Math ACT 15-18.

### **Read/Write to Succeed - Aug 14-18, 2017**

Our **Skills Review Program** helps prepare you for college-level reading, writing and note taking. Especially for students with an Eng ACT 19-23. Our **Placement Program** reviews your reading and writing skills and gives you a chance to test out of developmental classes in just one week! For students with Reading or Eng ACT 15-18.

## **Bear Leadership Experience**

### **BLE - Aug 14-18, 2017**

Students joining one of **UCA's Residential Colleges or the Minton Commuter College** for Fall 2017 are invited to get a jump start on becoming a successful student and a campus leader.

## **Science Prep**

### **Chem4Success - July 24 - Aug 11, 2017**

Complete CHEM 1301 and a UCA Core course in just three weeks! Especially for nursing, athletic training, and health science majors. Financial Aid eligible.

### **CNSM Science Boot Camp - Aug 14-18, 2017**

The College of Natural Sciences and Mathematics offers an introduction to academic study and the sciences that will get you ready for success in your first year as a math, science or health science major.
